## DEPUTY DOSS SAYS...

"Campus parking is a 'SQUEEZE', but please don't squeeze out our Visitors by taking up their spaces."

## ENERGY CONSERVATION TIPS FROM JIM HULL

"As the nights become cooler, add a blanket on the bed instead of turning on the heat. You'll save energy and heating costs, even if you use an electric blanket.

"Check out your furnace. A well maintained furnace with a clean filter uses less fuel and could mean a saving of up to 10% on fuel costs."

## HELP...

Apparently some people have not gotten the word that Polly Mead is no longer at Gallaudet College and that Kurt Schneidmiller is the Director of Planning. Also, the Planning Office is housed in House #7.

## EQUIPMENT DEMONSTRATION

The Office of Educational Technology attempts to inform faculty, staff, and students of technical developments which may be of interest to them. One way of doing this is to assist vendors with new products by arranging for a demonstration of their products. In doing this, the Office of Educational Technology is not expressing support or approval of the product.

A demonstration has been arranged for: Nationwide Flashing Signals System, P.O. Box 6146, Silver Spring, Md. 20906. This company states that they offer smoke detectors designed to provide protection for hearing, hearing impaired, blind, and disabled individuals at homes, apartments, schools, and small businesses. In one configuration of their equipment a wireless transmitter is used to trigger flashing lights, horns, or vibrators located in other areas of the house, school, or business or in an adjacent building.

A demonstration of this equipment will be held and questions about it answered every half hour between 1:00 and 3:00 p.m. on Friday, November 3, 1978, in HMB, Room 274.

## BOOKSALE

The Edward Miner Gallaudet Memorial Library will be having a booksale on November 6, 7, and 8th from 8:00 a.m. to 5:00 p.m. The sale will be held on the main floor of the Library. Mark your calendars so that you won't miss the bargains!

## AMONG OURSELVES

--Margie Somers received her PHD from the  
University of Southern California (USC)  
last month. Dr. Somers is a Program  
Supervisor at KDES.

--The Personnel Department would like to  
welcome Mary Herman to Gallaudet. We are  
sorry to say goodbye to Consuelo Misa,  
Coordinator of Staff Development and  
Training. Consuelo is leaving Gallaudet  
to become an independent consultant in  
the area of training and development.  
Her first job will be with the Interstate  
Commerce Commission (ICC) where she will  
be conducting a supervisory skills develop-  
ment program. The College is currently  
recruiting for Consuelo's replacement.

--The Visual Communication Center is  
pleased to announce that Barbra Burkett  
joined their staff as director of the  
Visual Communication Center on Sept. 11,  
1978. The Visual Communication Center  
provides television, photographic, film,  
and graphic art support to the faculty  
and staff of the College. With the Center  
in the process of moving from its old  
quarters in Chapel Hall to the MSSD  
television area, Barbra of necessity is  
trying to be in two places at once;  
however, Carol Moy, Secretary/Captioner  
of the V.C.C., will be glad to make an  
appointment for you to meet with Barbra.  
Just call ext. 321 (voice or TTY).
